# *Haircolor: Newest Techniques*

Stylist In Training   Rising Star   4-Star   5-Star

**Foilage/Shadow Root** .....95      135      160      175

Shadow root, color melt, or smudge will give a little darker tone at the root, then gracefully transition into lighter color or highlighted look. Can include foil, cellophane or meche.

**Foilage** .....85      125      155      165

Using your natural root color, blending natural looking highlights throughout, creating lighter through the bottom, wrapped up in foil, cellophane, or meche for higher amounts of lift.

**Balayage/Shadow Root** .....80      120      145      160

Shadow root, color melt, or smudge will give a little darker tone at the root, then gracefully transition into a lighter color or highlighted look. Offers a longer-lasting growing out period.

**Balayage** .....75      100      130      140

Using your own natural root color to give a longer lasting growing out period. Highlights are hand painted or swept along the surface of the hair, beginning away from the root and gradually becoming heavier at the ends.

**Partial Balayage or Foilage** .....55      60      65      70

Hand painting only the top layers of hair or peek-a-boo pieces underneath. Shadow root, color melt, or smudge will give a little darker tone at the root, then gracefully transition into a lighter color or highlighted look.

**Partial Balayage** ..... 35      48      58      65

Hand painting only the top layers of hair or peek-a-boo pieces underneath.

**Ombre/Shadow Root** .....80      120      145      160

A dramatic two-toned effect, darker at the top, lighter at the ends.

# *Haircolor: Lighteners & Vivids*

Stylist In Training   Rising Star   4-Star   5-Star

## ***Full Head Lightener***

***(Platinum Card)*** .....90   120   140   160

We foil the entire head with lightener, or we use on-the-scalp application with multiple volumes of developer to achieve a white blonde color. This process may take more than one visit.

## ***Full Head Lightener***

***(Lift a Shade or Two)*** ..... 80   90   100   120

Lightening the hair a few shades using an on-the-scalp application.

## ***Babylights Full Head***

..... 85   105   140   170

*Delicate highlights created using a very fine color technique to mimic the subtle, dimensional hair color seen in children's hair.*

## ***Babylights Partial***

..... 35   45   55   60

*Partial technique is the top and sides or sometimes a diamond section at the top of the hair to create optimum results.*

***Vivids (includes Prelightening)*** .....150   250   275   325

*Prelightening using our platinum card technique then applying your choice of fashion/vivid color(s) scalp to end or using a color melting technique.*

***Vividlights (includes Prelightening)*** ....125   165   175   195

*Prelightening using our Platinum card technique then applying fashion/vivid color(s) over the prelightened hair.*

## ***Vividlights Partial***

***(includes Prelightening)*** .....110   125   140   150

*Prelightening using our Platinum card technique then carefully placed fashion/vivid color(s) in select areas of the head.*
